

Week 28 Language Arts Study Guide

We will be having OPT Spelling this week. Students who are participating will choose words and list them on the bottom of this page. The words must be **THREE** syllables or more and may be taken from any of these sources: Glossary of either reader, Glossary of Science text, or the Vocabulary Workbook Index. As a reminder, 5 weeks of OPT Spelling must be passed, and a 93+ test average must be earned to receive an "O" in spelling. Students in PSIA Spelling will qualify for OPT spelling each week and do not have to take the OPT tests.
